

## **Declaration of Authorship**

This document is a reading version. Only the original German version “Eigenständigkeitserklärung KI-Tools“ is legally binding.

## Declaration of Authorship

I hereby declare that I have completed this thesis independently and without unauthorized assistance from third parties.

I have not used any sources or aids other than those stated, and I have identified and acknowledged all quotations or rewording of language from other sources as such.

- No AI-based text or content-generating aids have been used.
- The use of AI-based text or content-generating aids is permitted in the subject examination regulations or the module handbook or has been expressly authorised by the examiner. I have received and complied with the documentation and labelling requirements specified in the subject examination regulations or the module handbook or specified by the examiner when the thesis was issued. If required, I have listed the AI-based text- or content-generating tools used in the appendix 'Use of AI Tools' and named the locations in the thesis. I have checked the accuracy of the AI statements and content to the best of my knowledge and belief.

Furthermore, I declare that I have not yet submitted this thesis in this or a similar form for examination.
